Veronica Chandler is a totally normal Canadian woman. Apart from being a private investigator, that is. And several recent cases involving demons, mythic artifacts, and a really annoying dwarf.

She can't trust her latest client, but somebody is on a world-wide killing spree and she's the only person qualified to go after them.

All the rules change as she must move heaven and hell to save the world. Again.

"Well, now we know what the G.W. stands for: Great Writing! Not to mention Gosh Wow! *The True Love Affair* is witty and clever. Bravo!"

-- Robert J. Sawyer, Hugo-award winning author of *Quantum Night*

A Paranormal Thriller
